

ZineINC™ - 5 Information Transfer Certainty Levels

Level I	Level II	Level III	Level IV	Level V
Information DELIVERED & DISPLAYED	Information OPENED & READ	Information CLAIMED to be UNDERSTOOD	Information DISCUSSED & EXPLAINED	Information TRANSFER VERIFIED
CERTAINTY that the message has reached the target audience and its title and intro has been actually displayed in front of reader's eyes	CERTAINTY that the message has been clicked upon, opened and read by its target readers	CERTAINTY that the message has been absorbed and readers have taken full responsibility for understanding its content by clicking the "Read & Understood" virtual signature button	CERTAINTY that all difficult or doubtful issues are thoroughly clarified in moderated internal support discussions and collaborative knowledge sharing	CERTAINTY that a successful information transfer has actually taken place and is visible in versatile knowledge tests' results
YOU KNOW	YOU KNOW	YOU KNOW	YOU KNOW	YOU KNOW
<ul style="list-style-type: none"> • who and when has been shown the message 	<ul style="list-style-type: none"> • who, when, where, on which device has read the message • how long the message was read • response times (from receiving to reading) • message impact on readers' involvement • message propagation directions • all comments posted 	<ul style="list-style-type: none"> • who, when, where, on which device has signed the message and who has not • hesitation delays (from opening to signing) • quality of sent information 	<ul style="list-style-type: none"> • detailed helpdesk qualitative analytics including: support intensity, participants, their spread, discussions life-cycles, most tenacious questions & challenges, support response speed & quality • horizontal knowledge sharing intensity and directions 	<ul style="list-style-type: none"> • individual and group knowledge levels • test peeking ratios • answer hesitation times • knowledge accumulation acceleration • developmental directions trends and preferences
